Dear Dr Evans

Re David Beales

You may remember seeing this chap in Jan 80  
with Schizophrenia + drug addiction. He is attending Laurel  
House, but doesn't really feel he is getting anywhere.  
I would be grateful for your opinion as to anything  
else we can do for him (that he will agree with!).

Monday 28th July 1980.

Mr. David Beales came to the clinic at 4.35 p.m. He said he was  
confused about the time.  
He said he has to attend a group tomorrow Tuesday and hopes to  
see Dr. Dale-Beckett then.  
He said he would like a further appointment to see Dr. Roderic-Evans  
as he feels very unwell.
