## ASTLEY'S SHEEP POWDER.

**DIRECTIONS.**—Take a table Spoonful of the Powder, and dust it along the back of the Sheep, out of a small pepper box, taking care to separate the wool by means of a stick. Sprinkle the back afterwards with water out of a small watering pan and then draw the stick over the back two or three times, that the Powder may adhere to the wool.

N.B.—One Pound of the Powder will dress about 20 Sheep.
