# THORLEY'S HORSE AND CATTLE SPICE

is now creating such a sensation throughout the World, that all practical Horse-keepers, Flock-masters & Cattle-feeders are pronouncing it the greatest discovery of the nineteenth century.

**For your HORSE,** mix a Packet at each time of Feeding, with the usual Corn & Chaff damped with water, and at three weeks hence the improvement will be so great that your neighbours will "get it up" you have been buying a Splendid New Animal.

**For your COW,** mix a Packet at each time of Feeding with the usual Chaff & Meal, damped with water, and in a few days you will be agreeably surprised at the large increase in quantity and superior quality of MILK and BUTTER.

**For Dogs, Pheasants, Poultry, and Rabbits,** a Tea-spoonful mixed up with Kitchen Stuff, or the usual Food, at each time of Feeding.

**For Sheep—A Packet to every 4.** The Corn and Chaff should be damped with Water, so that the Condiment adheres to it, and then well mixed up.

**For a BULLOCK,** Mix same as mentioned for the COW, and you will produce Beef in half the usual time, and Two-pence per Pound superior in quality.

**For a PIG,** Mix a Packet in the usual Slop or Coarse Meat at each time of Feeding, and it will lay on Flesh rapidly, and "rest and be thankful."

Half Cases, containing 224 Penny Packets, 17s.

## ONE PENNY PER PACKET.

Quarter Cases, containing 112 Penny Packets, 8s. 6d

CASES CONTAINING 448 PENNY PACKETS, 34s.

**Spice Mills and Offices—Thornhill Bridge, King's Cross, London.**

For a Penny, every man can now try this Delicious Condiment, which will prove a grain of Practice to be worth a bushel of Theory.

**NONE GENUINE WITHOUT THE INVENTOR'S SIGNATURE ON EACH PENNY PACKET**

*Joseph Thorley*

Be sure and see that the Chopped Hay, Straw, Corn, &c., is well damped with water, so that the Condiment adheres to it; then thoroughly mix up together. Unless this be strictly attended to, the great benefit derived cannot be achieved.

**For GESE & DUCKS,** mix a Table-spoonful with Barley Meal and Boiled Potatoes at each time of Feeding, & in a fortnight you will be astonished.

**For CALVES,** One Packet mixed with Milk, made into Gruel, will be found sufficient for four.

# THORLEY'S SPICY AROMATIC CONDIMENT

THE ROYAL FARMS.  
THE CROWN COLONIES.  
THE ROYAL STABLES.  
THE ADMIRALTY.

DURING THE PAST TEN YEARS

## £21,000

**Have been awarded in Prizes to Horses and Cattle fed on Food seasoned with this Delicious Compound of SUGAR & SPICE.**

THORLEY'S SPICE WILL COAX the Appetite when all other compounds have failed.

THORLEY'S SPICE WILL ENABLE the Animal to digest and assimilate a given amount of food in less time than it otherwise could.—Vide the Royal Agricultural Society's Discussion on this Condiment.

THORLEY'S SPICE WILL PREVENT Scour in Calves, and cause them to thrive amazingly.—See that the Inventor's Signature is on each Penny Packet.

THORLEY'S SPICE WILL GIVE a bright eye to the Horse, and make his skin like velvet.—None genuine without Joseph Thorley's Signature on each Penny Packet.

THORLEY'S SPICE WILL INCREASE the quantity of Milk in Cows and Suckling Ewes, and enrich the quality. Thousands of Testimonials to corroborate this great fact—Only to be had in Four-ounce Packets, One Penny Each.

THORLEY'S SPICE WILL MAKE Pigs happy, and fatten them in half the usual time.—112 Penny Packets, in a case, 8s. 6d.

THORLEY'S SPICE WILL ERADICATE every Worm and Parasite from Sheep and Lambs.—Read the Royal Agricultural Society's Discussion upon this Condiment, held in Hanover Square Rooms, and judge for yourselves.—Free on application.

THORLEY'S SPICE WILL CONVERT the commonest of Hay and Straw into a Superior Provender.—224 Penny Packets in a Case for 17s.

THORLEY'S SPICE WILL IMPROVE the value and increase the Clip of Wool; proved by the first Flockmasters in this Country and our Colonies.—448 Penny Packets in a Case for 34s.

THORLEY'S SPICE WILL IMPART a fine flavour to Distillers' Wash, Brewers' Grains, and the refuse of Starch Manufactories.

THORLEY'S SPICE WILL BE found a sure Preventive to Rot in Sheep and Pleuro Pneumonia in Cattle.

For DOGS, PHEASANTS, POULTRY, and RABBITS, THORLEY'S SPICE surpasses everything ever yet introduced. SEPTEMBER, 1864, was the LAST BRANDED BARREL sent out, and now no more of this Delicious Flavouring Compound unless in Penny Packets.

### THE CATTLE PLAGUE.

## THE TONIC STIMULANT FOOD.

### PREVENTION BETTER THAN CURE.

No Animal can become infected with this disease if a Four-ounce Packet of THORLEY'S SPICY AROMATIC COMPOUND (costing one penny) be mixed up with the ordinary food at each time of feeding.

The Inventor, JOSEPH THORLEY, has good reason to recommend it as a preventive of infection and an antidote to disease—keeping the stomach and digestive organs in a natural healthy tone, and thus fortifying the animal against the insidious inroads of disease.

Every Case, Half Case, and Quarter Case is lined with Tinfoil Paper, and None Genuine without.
