Dear Sir,

We thank you for your letter of the 12th instant, and would inform you that at the moment there is no printed catalogue describing the "Coldlite" bovine vaginasopes. This is due to the fact that we are not permitted paper for this purpose, but a description of the instruments will be included in our new catalogue which will be available towards the beginning of May.

For your information, the instrument is made in two sizes, for Cow and for Heifer, each being complete in its own oak case with leather carrying strap, the price being £15.15.0 and £14.14.0 respectively. The instrument is normally used from a 12 volt battery box, complete with canvas cover and carrying strap, which is priced at 47/6. Delivery at the moment is from stock.
