ALTERATIVE

CONDITION

POWDERS

F O R H O R S E S .

Are strongly recommended for producing a beautiful smooth skin, and for bringing Horses into general good condition; they give tone to the stomach, increase the appetite, and purge the blood from all gross and impure humours; they will be found of essential service for grease, swelled legs, coughs and influenza.

℞ A table-spoonful may be given every other night in a mash or feed of corn; the Horse may work as usual, being in fact, more fit.

JAMES HINWOOD, OVER WALLOP, HANTS.
