# Leeming's Essence,

FOR

## Lameness in Horses.

### POISON.

This Essence cures Claps or Strains of the Back Sinews, also Slips and Strains of the Shoulders, Stifle Hough, Whirlbone, Knee Fetlock, Pastern and Coffin Joints.

When newly done, mix two or three tea-spoonfuls of the Essence with three times as much Rum or Brandy, rub it on the part, and if not well in twenty-four-hours, repeat it. In old Stains or Swellings, rub one two or three spoonfuls of this Essence on the part, unmixed with any-thing, and if a sweat or running does not appear in twelve hours, repeat it; this will cause a running to continue twenty-four or thirty-six hours, which then turns to thick scurf, which scurf forms as it were, a fast bandage on the part, and so long as it sticks the effects of dressing stand good. The horse may be bled in the neck when the Essence is put on. In fourteen or sixteen days the scurf mostly falls off, then, if not sound, repeat the Essence as before, and so on till the cure is effected.

This Essence makes the quickest and surest cures of any article yet known, and Horses may be worked during the time of cure.

**Price 1/- per Bottle.**
