ST. JACOBS OIL
FOR
VETERINARY PURPOSES
IN YELLOW WRAPPERS.

SUPERIOR TO ALL OTHER
LIMIMENTS AND EMBROCATIONS.

Save your Horses.

St. Jacobs Oil for veterinary purposes is sold in yellow wrappers and is quite a different thing from the Oil in white wrappers; the former contains ingredients particularly adapted for use on animals and is far superior to all other liniments and embrocations for veterinary purposes. The public are particularly cautioned to use the Oil in YELLOW WRAPPERS ONLY for veterinary purposes. The price of the Oil is within the reach of all, viz. two shillings and sixpence per bottle, of all dealers in veterinary medicine or free by parcels post from the Proprietors. Lameness caused by sprains, strains, or over driving, is quickly cured by the use of the Oil in yellow wrappers. For sore throat and swelling of the glands, St. Jacobs Oil is superior to any other remedy: hundreds of horses and other domestic animals which had been given up as useless, have been cured and saved by the timely application of St. Jacobs Oil in yellow wrappers.
