DIRECTIONS

When giving a Ball hold in hand before fire until soft.

*If difficult to administer to the Horse beat into a coarse powder
on a cold stone, mix with cold gruel (1 pint) and give as a
drench. When giving as a drench do not apply heat or the
particles will stick together.*

The Balls will not Dissolve.

*Give a Cupiss' Grease Ball once a week for three doses and repeat
if necessary after an interval of 10 days.*

*Keep the Horses legs as dry as is possible, after washing the legs
make sure they are thoroughly dried off and that the Stable floor
is dry and not draughty.*

These Balls will keep any length of time in a cool dry place.
