TESTIMONIALS.

From E. S. DREW, Esq., Chairman of Arts Department, Bath and West of England Agricultural Society.

The Grange, Honiton, Devonshire.
Sir,—In reply to your communication, I have given your "Waterproof Composition" a good trial at Dorchester, where the ground was unusually wet, during our Exhibition week. I have used it since, and I can confidently recommend it as not only most useful to make one's shooting boots waterproof, but also to make the leather soft and agreeable to wear. The best testimonial I can give you, will be to say that I shall request you to send me some more of it before the shooting season begins.
I remain, Sir, yours faithfully,
E. S. DREW.

P.S.—I mentioned your Composition to many friends of mine, members of the Council of the Bath and West of England Society, where you were an exhibitor.
To Mr. John Milton Jones.

From HENRY GORGES MOYSEY, Esq., Bathelton Court, near Wellington, Somerset.

Sir,—Your Composition I used all last Season, and it is far the best I have ever seen.
Your obedient servant,
HY. GORGES MOYSEY.
Mr. Milton Jones, Gloucester.

From the Rev. F. Thursby, Hollins Hall, near Burnley, Lancashire.

Mr. Jones,—I bought two boxes of your Waterproof Composition at the Leeds Agricultural Show, which has answered very well. Please to send me six more boxes.
Yours, &c., F. THURSBY.
Mr. J. M. Jones, Gloucester.

From Mr. JOHN FISHER, Steward to W. B. WAINMAN, Esq., Carhead Farm, Cross Hills, Leeds, Yorkshire.

Sir,—I have found your Waterproof Composition quite as good as it was represented to be; it makes Boots and Shoes very soft and easy to the feet, and keeps out the wet most effectually. Mr. Wainman had part of what I got of you at the Birmingham Cattle Show, for his fishing and shooting boots, and he likes it very much. He will thank you to send him six boxes, and I will remit you the amount. Yours truly,
To Mr. Jones, Gloucester. JOHN FISHER.

From Mr. J. T. CARPENTER, Bishop's Frome, Herefordshire.

Sir,—I promised after giving it a fair trial, to forward you my opinion of Jones's Composition for Boots and Shoes. I have been in the habit of shooting and fishing upwards of thirty years, and can safely say I have never found any preparation half so good as Jones's: it not only renders boots and shoes impervious to wet, but at the same time softens the leather. One trial must convince the most sceptical, and I consider it invaluable to all sportsmen.
I am, Sir, yours truly,
J. T. CARPENTER.

To Mr. Greenhouse, Saddler, Leominster.

From C. BURMESTER, Esq., Weston Lodge, near Ross, Herefordshire.

Sir,—I took several pots of your Waterproof Composition to Scotland this season for my boots on the moors, and can safely say it beats every composition I have tried, keeping the leather soft and pliable and the feet perfectly dry. I gave a brother sportsman some and he agrees with me.
Yours truly,
C. BURMESTER.

To Mr. Jones, Gloucester.

From Mr. GEORGE SMITH, Foreman, Phoenix Fire Engine Office, Gloucester.

Sir,—I have a pair of long boots which I wear at fires, they were got so hard that I could not get them on. I have applied some of your Composition, and now they are as soft as ever they were, and quite waterproof. I shall be happy to show the boots to any one that will call at my house, Cross Keys Lane.
Yours, &c., GEORGE SMITH.

To Mr. J. M. Jones, Westgate St., Gloucester.

From Mr. JOHN BARRINGTON, Gamekeeper to A. W. Daniel, Esq., Longford, near Gloucester.

Sir,—I have used your Composition both on my boots and black leggins. I find that it softens the leather, and resists the wet better than anything I have ever had. I put it on a pair of leggins that I had had six years, and were got so hard that I could scarcely button them; they are now as soft as when they were made.
Yours, &c.,
JOHN BARRINGTON.

To Mr. J. M. Jones, Gloucester.

From Mr. GEORGE SMITH, Auctioneer, Lincoln. Lincoln, August 7th, 1861.

Sir,—Your Composition for leather far exceeds my expectation, and I have the greatest pleasure to inform you that my grooms think the same, particularly my old man, who is troubled with corns. He says that it is the best thing possible for softening leather.
Yours obediently, GEORGE SMITH.
To Mr. John M. Jones, Gloucester.

From T. B. CATON, Esq., Gwilfe House, Llangadock, South Wales.

Gwilfe House, July 25th, 1861.
Sir,—Having purchased some of your Waterproof Composition at the last Cattle Show, in Baker Street, London, and tried its efficacy, I shall feel much obliged by your sending me six small cases, on the receipt of which I will remit you a post office order for the amount and remain, Sir, your obedient Servant,
T. B. CATON.

To Mr. J. Milton Jones, Gloucester.

From Mr. WILLIAM BURSTALL, Hesse, Hull, 12th July, 1862.

Sir,—I used your Waterproof Composition the whole of the last shooting season: it gave me great satisfaction, making the boots impervious to wet, and the upper leather as soft as a glove.

I am, Sir, yours obediently,
WILLIAM BURSTALL.
To Mr. J. M. Jones, Gloucester.

TESTIMONIALS.

The eight following testimonials are just as good as a hundred, as Mr. Friday and Mr. Partington have thousands of Sheep in their possession in one year.

From Mr. Samuel Friday, Linton Farm, Gloucester.
Sir,—I beg to inform you that the preparation you supplied me with, for the foot-rot in Sheep, is the best I have ever tried, and gives the least pain to the animal.
I am, Sir, respectfully yours,
SAML. FRIDAY.

To Mr. J. M. Jones, Gloucester.
From Mr. Thomas Partington, Farmer and Sheep Dealer, Mantley House Farm, near Newent, Gloucestershire.

Sir,—I not only use your mixture for foot-rot on my own Sheep, but I recommend it to all my friends. I have tried a great many articles for that disease, but yours beats them all.

To Mr. J. M. Jones, Gloucester. Yours &c., THOMAS PARTINGTON.

From Mr. Henry Watts, Ploddy House Farm, Taynton, Gloucestershire.
Sir,—I have much pleasure in telling you that your preparation for foot-rot in Sheep is the best I have ever used. Amongst my own sheep I have cured at one dressing some of the worst cases I ever saw.

Yours respectfully, HENRY WATTS.
To Mr. J. M. Jones, Westgate Street, Gloucester.

From Messrs. W. and T. Robinson, Ulverstone, North Lancashire. Ulverstone, February, 1862.

Sir,—We have much pleasure in stating that Mr. Jones's Foot-rot Preparation is the best we have ever used. Yours respectfully, W. & T. ROBINSON.
To Mr. W. Mackereth, Chemist, Ulverstone.

From George A. Thompson, Esq., Kirk House, Milton, Carlisle, Cumberland. June 24, 1862.

Sir,—I have used your Gloucestershire Specific for foot-rot in Sheep, and find it a quick and perfect cure.
To Mr. J. M. Jones, Gloucester.

From Mr. Matthew Newman, Hayes Court, near Uxbridge, Middlesex. July 9, 1862.

Sir,—I have tried your Specific, and have found it to have the desired effect in all cases of foot-rot in Sheep.
Yours respectfully,
M. NEWMAN.

Holmescales, Milnthorpe, Westmoreland, July 21st, 1862.

Sir,—In answer to yours, I beg to say that your Preparation for Foot-rot is the best I have ever tried. It is not only a speedy cure, but gives little pain to the Sheep, it can be used at any time, damp having no effect upon it. I think too much cannot be said in its favour. I will thank you to forward me immediately three bottles from your nearest agent. Having lost your address, I have been obliged to use other mixtures, which do not answer so well.

I am, Sir, your much indebted,
To Mr. J. Milton Jones, Gloucester. R. KNOWLES.

P.S.—Could you not get an agent in Kendal? If the Preparation became known here, it would be of value, this being a neighbourhood where many sheep are kept.

From Tonman Mosley, Esq., East Lodge, Burton-on-Trent. September 22, 1862.

Sir,—I have great pleasure in being able to speak most favorably of your Specific for the Foot-rot in Sheep. My Shepherd has used it with very great success amongst my flock of 200 which were all more or less lame when I first made trial of it, and I am glad to say, with few exceptions, they are now quite sound.

Yours, &c.
To Mr. John Milton Jones. TONMAN MOSLEY.

John Bellows, Steam Press, Gloucester.
