SMITH'S LAMBING OILS.

These Oils, having stood the test of experience for several years, by some of the largest Graziers and Breeders of Sheep in the County, are safely and confidently recommended by the present proprietor as the most efficient and valuable preparation of the kind in use.

These Oils are an excellent application for Green Wounds, Ulcerated Sores, Bruises, &c.; they will allay Fever, or if Gangrene has commenced, they will by a timely application remove it.

DIRECTIONS.

First shake the bottle well; apply the oils to the parts in the usual way, and give two table-spoonfuls for a dose, repeated every half hour if the pain is not removed. When in obstinate cases, the repeated dose of the oils does not remove the pain, give a table-spoonful of Laudanum, and Sweet Spirits of Nitre.

PREPARED BY W. SMITH,

Family and Dispensing Chemist,

CENTRE MARKET PLACE,

Bridlington.
