SHEPHERD'S

A Speedy and

The Foot Halt

FRIEND,

an Effectual Cure for

In SHEEP, &c.

This invaluable MIXTURE, prepared from the Recipe of a very popular Sheep Breeder, will be found essentially useful for the removal of that disease so distressing among Flocks, viz.: Foot Halt or Rot. One or two applications will in the worst cases be quite sufficient to effect a cure; and it is almost needless to add, that, although very rapid in its operation, its use is never succeeded by those bad effects which too often attend the use of the several remedies generally employed.

DIRECTIONS FOR USE.—The part must be first well pared with a knife, and the Composition may then be applied in the usual manner.

SOLD IN BOTTLES & POTS AT ONE & TWO SHILLINGS EACH.

HOPKINSON & Co., CHEMISTS, GRANTHAM.
