Strengthens !

Invigorates !

Prevents Loss of Appetite and all Disease.

No Sickness, no bad doers,

WHERE

Liverine Pig Meal

IS USED.

TRY IT ! TRY IT !

and you will always use it.

CERTIFICATE OF ANALYSIS

From **GRANVILLE H. SHARPE, F.C.S.**

Analytical and Consulting Chemist,

(Late Principal of the Liverpool College of Chemistry) Author of "Qualitative and Quantitative Analysis." Late Lecturer on Chemistry and Technology to the "Liverpool School of Science." Lecturer on Chemical Technology to the "City and Guilds of London Institute." Member of the Society of Chemical Industry. Late Consulting Chemist to the Mineral Water Trade Review, etc. Fellow of the Berlin Chemical Society.

Analytical Laboratory, 11 & 12, Gt. Tower Street, London, E.C., March 15th, 1893.

I hereby Certify that I have submitted to very careful Chemical and Microscopical examination a sample of LIVERINE PIG MEAL, received from LIVERINE LIMITED, GREAT GRIMSBY, and from the results obtained I am in a position to form a very favourable opinion as to its excellence of composition and nourishing qualities.

It is a highly concentrated form of food, and in the selection and blending of the different materials used, the manufacturers display much judgment.

The component parts of this meal are capable of easy and rapid assimilation, and I consider it to be an excellent and economical product for fattening pigs. GRANVILLE H. SHARPE, F.I.I.L., Analyst.

Directions for Use— $\frac{1}{4}$ lb. or 1d. Packet, well stirred in, to a bucketful of food.

PRICE :—24/- cwt. ; 12/6 $\frac{1}{2}$ -cwt. ; 6/6 $\frac{1}{4}$ -cwt. Sample Bag, 1/-.

ALSO IN PENNY PACKETS.
