SPRATTS PATENT  
"PURE FIBRINE" POULTRY MEAL  
& POULTRY APPLIANCES

# SPRATTS PATENT POULTRY MEAL.

SAMPLE POST FREE.

Many years of practical experience in the Breeding and Rearing of Poultry have resulted in the production of our Meal, and it has proved itself to be not only a most successful Food for Birds at large, but also for those in confined runs, for fattening for the table, or for egg producing.

It is a self-contained Food, and never produces indigestion, simply because it is perfectly cooked, and made from pure and sound materials, and only such as from our great practical experience we have found to answer the purposes intended.

Sold in 7, 14, 28, 56, and 112 lbs. Original Bags. Every Bag is marked plainly with our name, and included in the price charged. Be sure you ask for, and get our Meal. Decline all pungent compounds sold by certain tradesmen for the sake of the extra profit they derive, and not for promoting the health of your Fowls.
