RESTORATIVE EXCELSIOR & CAYCAR EXCELSIOR

Are found to be the greatest preventative and cure for Gapes, Snarles, Diarrhœa, &c., from which so many Young Pheasants, Partridges, &c. die. Thousands are saved annually by the use of it.

Messrs. G., G., & Co. wish to call special attention to this valuable discovery, and should recommend all Gamekeepers to have some at the beginning of the season, as, many Keepers last year delayed ordering it till they had lost some birds.

*A few out of the great number of Testimonials  
received by Graham, Graham, & Co.*

Messrs. Graham, Graham, & Co.

Gentlemen,—Please send me some more of your excellent food for Pheasants. Although we have had such cold and trying weather as I never remember, my Birds have done wonderfully well on your **Caycar Excelsior**.

Kindly send the enclosed order off at once and oblige. 1240.

Messrs. Graham, Graham, & Co.

Dear Sirs,—I beg to inform you your Caycar Excelsior has given great satisfaction. Whilst other Gamekeepers have lost a considerable number of Birds, we have lost but very few, and our Birds are healthy and strong. I shall have much pleasure in recommending your food as it is the best I ever used. 1211.

Messrs. Graham, Graham, & Co.

Sirs,—I beg to acknowledge receipt of goods. I find your Caycar Excelsior answers well, both for Pheasants and Partridges, as it prevents snarles and gapes better than anything I ever used. Please repeat former order and oblige. 1231.

Messrs. Graham, Graham, & Co.

Gentlemen,—I have pleasure in giving my testimony to the excellency of your Caycar Excelsior. I reared Pheasants last year for breeding this, and tried other food, but found **nothing equal to yours**. I have reared a great many this year, and although the weather is colder than I ever knew, have met with but very few losses since using your food. I hope to require far greater quantities next season, and shall be most happy to recommend it to all my friends. 1287.

Messrs. Graham, Graham, & Co.

Dear Sirs,—Your Restorative Excelsior is certainly the most wonderful condiment to prevent gapes and snarles I ever used. This season has been a most trying one, the wind here the last two or three days has been blowing as cold as winter, (I do not know what I should have done without your valuable Restorative Excelsior) and with all the bad weather we have had, my Birds are doing well and I have lost scarcely any. It is the best strengthening food I ever used. You may make what use you like of this.

Please send me 6 dozen more Restorative Excelsior as soon as possible. 1242.
