**We ask the favour of a consideration of
the following Press Notices :**

The Stockkeeper—

It is a remarkable fact that every succeeding Dairy Show seems to confirm the idea that successful Poultry rearing is most closely indentified with Liverine feeding. This year, birds so fed scored heavily, the leading honours of the show, the Lord Mayor's Cup, both President's Cups, with a host of others, being awarded them.

Poultry—

At the recent Dairy Show it is remarkable the success attending birds fed and reared on Liverine. In all sections of Poultry and Ducks they were most conspicuously to the front. The Lord Mayor's Cup, both the President's Cups, and many other premier and secondary honours were awarded to birds so fed.

The Fanciers' Gazette—

How do you feed? It must be admitted that the Liverine Company, of Grimsby, are undoubtedly among the first caterers in the Poultry world. At the recent Dairy Show, all along the line, firsts and cups were awarded to birds so fed. The Lord Mayor's Cup, and both President's Cups, were secured by Liverine feeding.

Feathered World (Dairy Show Number).—

The Lord Mayor's Cup and the President's two Cups were awarded to birds which we were informed were fed on the Liverine Company's Food, and that a large majority of the leading honours of the Show were also won by birds so fed. This fact was prominently announced at the Company's Stand, and emphasised by the manager, Mr. KING, with his usual vigour and persistency. It certainly is a striking commendation of the food to all fanciers striving for show honours.

Our friends will be glad to hear Liverine has an extended sale approaching proportions beyond our most sanguine expectations.
