MEADOWSWEET

AGAINST

## ***ANIMAL TESTING***

At Meadowsweet, we have a strict company policy against all types of animal testing.

By using only ingredients that have been proven over the years, some of which have been used for centuries, we have no need to use animals for cruel product testing but instead have many human volunteers. The obvious advantage to this is that they can tell us exactly what they think of the product.

Also, we do not use ingredients derived from dead animals as the use of these is totally unnecessary as there are natural alternatives which often can do the job even better.

As we meet the strict criteria set by the BUAV (British Union for the Abolition of Vivisection) we are approved by them and are registered users of the genuine BUAV rabbit logo.
