**THE
UGLIEST
SHOW ON BARTON**

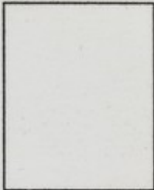

Dear

Please take the time to read the 'Summary' or full report from the Animal Defenders on the use of animals in circuses, entitled 'The Ugliest Show On Earth', and watch the video. The report is based on a study from over 7,000 hours of observation, backed by 800 hours of videotaped evidence. It was found that daily life for circus animals is one of extreme boredom, frustration, and confinement, often leading to abnormal behaviour. Daily physical abuse includes the use of whips, iron bars, and sticks. **Please sign EDM 787 'Animal Defenders and Circus Animals'**, and then write to Lord Williams at the Home Office and to Angela Eagle at the Department of the Environment, Transport and Regions, asking that, firstly, circus animal training centres (winter quarters) be brought under the Zoo Licensing Act 1981, (being reviewed this summer) and secondly, the use of animals in travelling circuses be banned.
