► Comprehensive Range

The new LabSales Catalogue from Whatman contains a really comprehensive selection of laboratory instrumentation and equipment divided into major families:

- **pH AND ION MEASUREMENT** – the latest innovations in portable and bench meters, electrodes, buffers and other pH accessories.
- **CONDUCTIVITY MEASUREMENT** – for all applications from pure water to boiler feed.
- **COLORIMETRY AND SPECIALIST MEASUREMENT** – popular bench-top colorimeters to auto-zeroing spectrophotometers, dissolved oxygen meters, turbidity meters and more.
- **HEATING, TEMPERATURE MEASUREMENT AND CONTROL** – a choice of the latest products for heating, measuring temperature, or controlling it to close tolerances.
- **WEIGHING EQUIPMENT** – our popular wide range of electronic balances and accessories.
- **DATA MANAGEMENT** – a wide range of calculators, chart recorders and technical software.
- **LIQUID HANDLING** – dispense and pipette all volumes of liquid manually or electronically.
- **STIRRING AND MIXING** – including electromagnetic units, submersible stirrers, tube mixers, hotplate stirrers, shakers and a range of novel stirrer bars.
- **WATER PURIFICATION** – obtain and measure pure water with any of our up-to-date systems.
- **SAMPLE MANAGEMENT** – a popular range of products that has been extended to include storage, handling and labelling products for GLP.
- **MECHANICAL SUPPORT** – this range allows you to custom design your own system for positioning and supporting labware and equipment.
- **SCIENTIFIC PRESENTATIONS** – a wide collection of presentation aids, including scientific software and lettering sets, lightboxes, white-boards, easels, pads and graphing charts.
- **SAFETY AND HYGIENE** – providing protection in the laboratory from gloves and spectacles to complete fume extraction systems.
- **BIOCHEMICAL TECHNIQUES** – colony counters, cryoware, blotting products and more.
- **THIN LAYER CHROMATOGRAPHY** – Whatman TLC plates, spotters, tanks, sprayers and detection lamps – a tradition of excellence in TLC.
- **COLUMN CHROMATOGRAPHY** – the full Whatman complement of columns and cartridges for HPLC (analytical and preparative), and an extensive selection of silica and cellulose media.
- **FILTRATION** – the full range of Whatman papers, membranes, glass microfibre filters, encapsulated syringe filters and filtration apparatus. Now includes the latest developments in filtration convenience.

AN OLD LABORATORY CATALOGUE COULD SET YOU BACK YEARS

THE 1993 LABSALES CATALOGUE WON'T SET YOU BACK A PENNY

Innovation in the Laboratory ...

In the high technology laboratory world, a year can be a very long time.

New products are constantly being developed and made available – products that could have a real impact on the way you work.

If you're relying on an old laboratory catalogue – you could be missing out on the products that could keep your laboratory right at the leading edge.

► Over 3000 Products

The 1993 LabSales Catalogue from Whatman includes over 300 full-colour pages and a large number of brand new scientific products, from pH meters and digital thermometers to the latest vacuum pumps and water deionisers.

Our products are grouped in 20 families for easy selection.

Each product has been carefully selected to meet the needs that have been identified by customer feedback over the past year.

► Order Direct – Same Day Despatch

Our quality products are backed by an equally high quality service.

Place your orders over the phone before midday and we'll do our level best to despatch them the same afternoon.

Also, there's no minimum order value – you can order anything from a single thermometer to enough products to equip an entire laboratory.

► Full Technical Support

Our team of technical specialists is only a phone call away to assist you in selecting the right product for your needs.

Where appropriate they can provide you with samples, factsheets, safety information and any other helpful advice.

► Guaranteed Performance

Every item in our catalogue is manufactured to the most rigorous quality control standards.

If you believe that any product does not meet the stated specification, quality or performance, we'll replace the item or refund the cost immediately.

... Up-to-date and Free!

Simply send back the completed reply-paid card – it really won't cost you a penny. We'll send to you your FREE copy of the new 1993 LabSales Catalogue – direct from Whatman.
