# YOU'VE GOT THE SAMPLES... WE'VE GOT THE EQUIPMENT

# CO2-INCUBATOR

CELLS RNA DNA **GENES** 

- Large volume of 220 L
- Sterile filter mounted on CO, and air supply.
- Automatic back-up system ensures all pre-set parametres are kept constant.
- Easy-to-operate microprocessor control system. ensures correct temperature and gas supply.
- Heating in the outer door prevents condensation on the inner door.
- Shelves and shelf racks are easy to remove for easy
- Built-in heating element ensures precise and uniform temperature (±0.5 °C) and extends the life of the incubator.
- Models with water jacket and IR sensors are also

CO2-incubator of tomorrow:

**GENES** RNA DNA BACTERIA **PEPTIDES ENZYMES PROTEINS** 

- Labscale ice capacity from 1 Kg/24 hrs. up to 8 Kg/24 hrs.
- Condenser volume up to 60 L.
- Large cooling capacity for fast and reproducible freeze drying.
- Wide range of accessories making all types of applications possible

**GEL DRYING** 

- Easy to operate Lowest noise level

Heto offers freeze drying equipment for all applications and for all volumes:

- Ampoules
- Flasks
- Bulk

## -85°C FREEZERS

### CELLS, RNA, DNA BACTERIA, PEPTIDES. **ENZYMES**

### Heto presents a complete range of -85 °C upright and chest freezers:

- Volumes up to 460 L.
- Easy-to-read L.E.D. display for temperature read-out.
- Microprocessor supervision of all parameters with either analogue or digital read-out.
- Reliable cooling system uses Danfoss compressors.
- Lowest noise level ensures best working conditions in

Model	CL 1408	CL 2008	CL 3008	CL 4008	CL 410
Type	Chest	Chest	Chest	Chest	Upright
Volume, L.	123	178	268	420	460

### DNA **PEPTIDES ENZYMES PROTEINS** The Heto GD-1 gel dryer

- Large-surface geldryer. Supplies heat from the bottom
- vacuum side of the gel to avoid cracking, improve reproducibility and speed up the drying rate.
- Variable temperature range from + 40 °C to + 80 °C with timer
- Timer for vacuum and temperature for easy and safe operation.

RNA DNA BACTERIA PEPTIDES **ENZYMES PROTEINS** 

Optimize the volume of your freezer and get your samples in order with Heto Cryorack System. Can be used for any kind of freezer:

- Variable height of the shelves
- Easy to handle in the freezer.
- Made of aluminium for a longer life time.

Upright freezer with draw shelf system.

Chest freezer taking different cryo racks.

Rack	CL-flex-0	CL-flex-1	CL-flex-2	Shelves
Cat.no.	003361	003349	003348	003362
Height, mm	285	348	600	-
Suits freezer	CL410	CL 1408-	CL 1408-	-

### Heto offers a wide range of complete vacuum concentration systems:

- Larger sample volume takes a large number of samples at a time.
- 2 types of systems for aqueous and for organic solutions
- The cooling trap is equipped with a drain valve making the use of experisive and fragile glass inserts unnecessary.
- Gives maximum protection for the environment and the vacuum pump
- Space-saving.

■ Wide selection of accessories e.g. microprocessor control system, gel dryers and freeze dryers.

Rotamix-Gel is used for mixing when working with incubation, colouring or blotting of gels from electrophoresis.

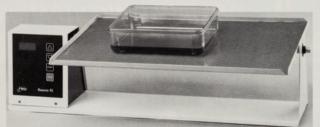

- Gradually variable angle from 5° to 45°. Digital read-out of speed, angle and time.
- Incl. large platform.

week.

Robust, reliable and noiseless.

Reader service no. 105.

Model	Rotamix RS PL 28	
Cat.no.	000917 (220V)/ 000967 (115V)	
Rotation speed, RPM	Variable within 1-10	
Power consumption, W	4	
Material	Cabinet: white epoxy coated steel Platform: acid-proof stainless stee	
Dimensions, DxW mm	280×450

# Get our comic poster

and the new complete range catalogue from Heto, Holten and Holm & Halby free of charge!

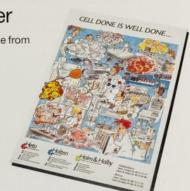

Participate in our competition for:

- 2 large de luxe boxes of fine Danish quality Anton Berg chocolate.
   5 boxes of fine Danish quality Anton
- Berg chocolate.

All you have to do is to answer the following question correctly on the reply card and send it to us.

The question is:

HOW LARGE IS THE VOLUME OF HETO'S NEW CO2-INCUBATOR?

Stamp

YES, please send me:	
The new complete range catalo	ogue free of charge from:
☐ Heto ☐ Holte	n Holm & Halby
YES, please send me: A brochure and additional infor CO:-incubator -85°C freezer: Ches	
☐ Vacuum concentration syste	
Freeze drying equipment	
YES, please let a salesman of	contact me.
How large is the volume of Heto's new CO <sub>2</sub> -incubator?	
YES, I would like to have Ro	tamix-Gel on trial for
