Erkrath, 25.03.1994

Dear Mr. Lowther,

They had it good in Ancient Greece. They had all the time in the world.

Now we've made our programs even better: to make time for the scientists of today.

- Your computer can bring you an **up to 80 per cent saving in effort** - if only you feed it the right software!

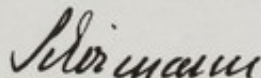

And here's the other good news: we've improved our prices to suit your pocket.

- You get our three software programs for the price of two - **instead of £ 1 189 you now pay only £ 750.**
- And the same great offer applies to the three matching service packages - **down from £ 645 to £ 375.**

It's all part of the service.

Yours sincerely,

JANDEL SCIENTIFIC GmbH
