# VERSAmax™

tunable  
microplate  
reader...

Tune in to your best results..... with no filters

Molecular Devices offer a microplate reader with outstanding performance and reliability at an affordable cost, that's backed up by SOFTmax<sup>®</sup>PRO software support packages, to make data collection and analysis easy to perform.

**Key features/benefits include:**

- Built in monochromator, select any wavelength from 340 – 850nm in 1nm steps
- Reads end points and kinetics from ambient to 45°C
- Narrow beam and optical design ensures high performance regardless of well plate design
- Dual wavelength readings report the actual absorbance making data analysis easier

**SPECIAL OFFER SPECIAL OFFER SPECIAL OFFER SPECIAL OFFER SP**

**Act Now** for details on our special offers:

- Low summer prices on two readers
- Special combination deal microplate reader and washer
