Molecular Biology

RNA/DNA Isolation

Please send me more information and procedure protocols for

- ☐ RNA isolation reagents
- ☐ DNA isolation reagents
- ☐ Lambda DNA isolation from phages
- ☐ Simultaneous isolation of RNA and DNA

I would like to be informed about new products in your program:

Molecular Biology

RNA/DNA Isolation

*Dear Researcher,
WAK Chemie Medical GmbH offers:*

RNA Isolation Reagents

- High quality RNA from tissues and cells
- High yield and recovery
- Short isolation time with a single reagent
- Adapted to all molecular procedures
- Easy phase separation

DNA Isolation Reagents

- From blood, tissues, cultured cells and plasmids
- To be performed in microtiter plate (96 samples simultaneously) or in single tube

Simultaneous RNA/DNA Isolation Kit

- From the same sample
- High quality undegraded DNA and RNA from tissues and cells
- Short procedure time

Lambda DNA Isolation

- Ready in 45 minutes
- High purity of DNA
- Without CsCl overnight ultracentrifugation

For request of papers and further information please use the enclosed reply card.

with best regards
