# Waters

To: All scientists involved in HPLC Method Development  
From: Waters Ltd.  
Date: November 1995  
Subject: **Symmetry Special Offer valid until February 29th, 1996.**

We are pleased to announce the introduction of new additions to our series of Symmetry® columns. Providing you with more flexibility and designed to speed-up your method development for new applications, we are introducing Symmetry columns with particle sizes of 3.5 µm and 7 µm in addition to our existing 5 µm columns. C<sub>18</sub> and C<sub>8</sub> chemistries are available in various column dimensions packed in traditional steel columns or the economical steel cartridge design.

**Return the attached reply card today and  
take advantage of our Special Offer.**
