The **"HYGIENIC"**
PATENT APPLIED FOR

*Counts and Fills
Tablets, Pills,
Dragees, Lozenges, etc.
into Tubes, Bottles, Bags or any Container*

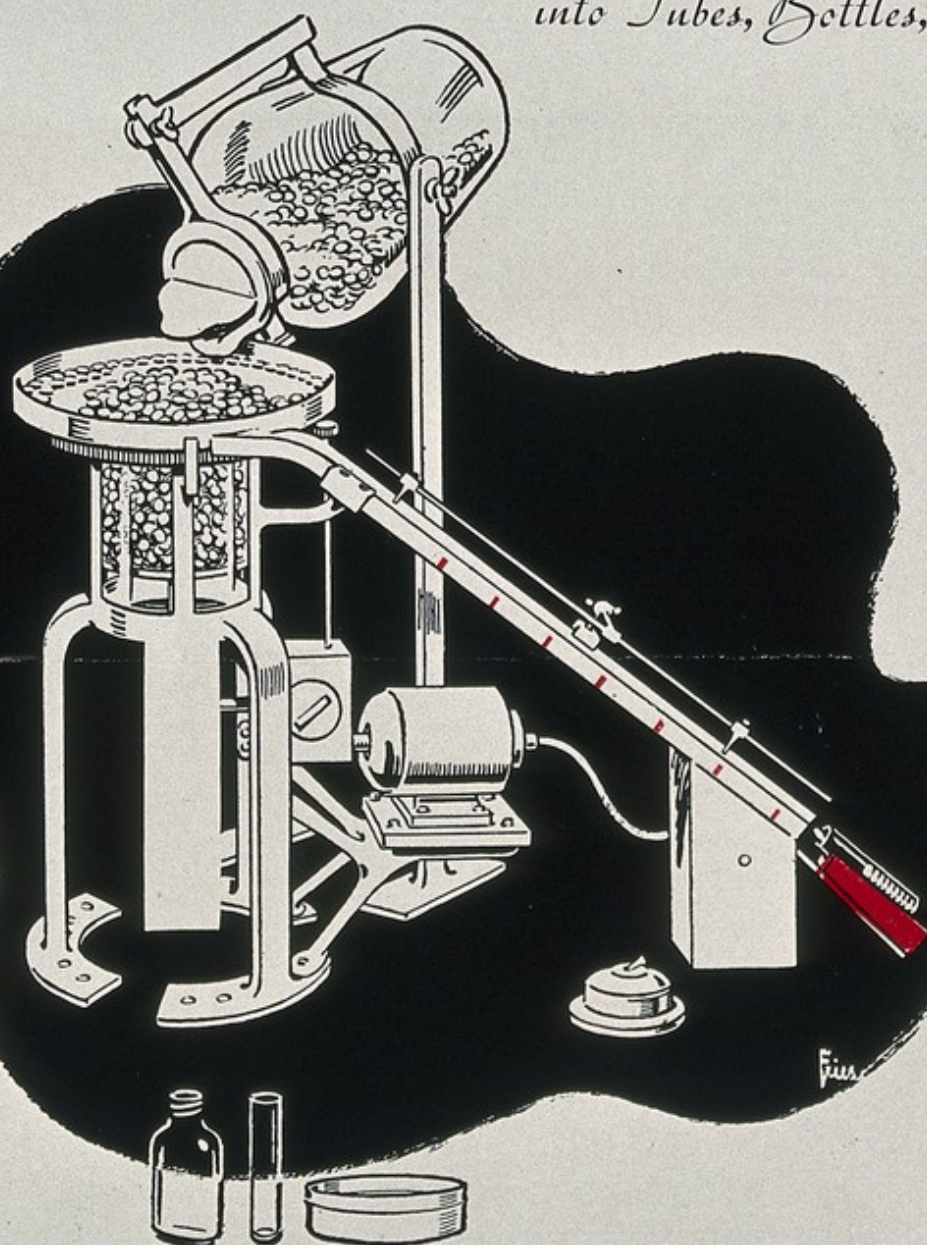

● An English made machine with the following advantages:

● Parts coming in contact with the preparations are of Glass and other non-corrosive material, therefore, impurities due to corrosion are impossible.

● 2 to 100 filled at a time, hence highest output.

● Easily interchangeable from pills to tablets.

● The machine can be adjusted in a few moments for different quantities to be counted and filled.
