Have you or your
family ever been
**worried about
the dangers
of pesticides**
on your fruit
and vegetables?

AS SHOWN IN HIRE'S HEALTH MAGAZINE.

Aloe VITA NATURA
Vera
Clean

The insecticide
and pesticide remover
for fruit and vegetables.

31-10-94-SRL-Alara, Marlman St

- **450 million tonnes of insecticides and pesticides** are sprayed on farms, orchards and crops in the UK each week.
- When fruits and vegetables reach the shops they are still covered in a **pesticide residue**.
- Most chemicals can **not be washed away** with water and are **not destroyed by cooking**.
- The most common exposure is through **the food we eat**.
- Exposure to pesticides has been linked with the following:
cancer, genetic defects, allergies, nervous system disorders and damage to the unborn child.

What is Aloe Vera Clean?

Aloe Vera Clean is a unique, organic cleanser which removes harmful insecticides and pesticides from the surface of fruit and vegetables ensuring they are **safer to eat**.

Aloe Vera Clean is environmentally friendly and biodegradable.

Usage.

Use one tablespoon of Aloe Vera Clean in one litre of water. Leave fruit and vegetables in the solution for five minutes and rinse under the cold tap.

There is no waste as excess solution can be used to feed or spray the plants!

Aloe Vera Clean - the safe, simple and cost effective way to protect you and your family.

Guarantee.

Aloe Vera Clean is 100% guaranteed - should you not be satisfied please return the bottle to Vita Natura and you will be refunded. This does not affect your statutory rights.
