Calcium Enriched Spread

New Calvia is the first and only calcium-enriched spread to be available throughout the UK.

Calcium is essential for good health throughout life, helping to build and maintain healthy bones and teeth. Calcium also helps prevent osteoporosis (brittle bones) which affects both men and women. Many people in the UK do not eat enough calcium-containing foods, and today's busy lifestyles can make it more difficult to maintain a healthy diet. Calvia is an easy way of increasing the calcium in your diet, and although you can't taste the extra calcium, it's good to know it's there.

CALVIA BENEFITS

With added calcium • Low in saturates • High in monounsaturates
A good source of Vitamins A and D • Rich in Vitamin E • No hydrogenated oils
No dairy ingredients • Suitable for vegetarians and vegans
