ANNATTO GOLDEN BUTTER COLOURING

HORSESHOE BRAND.

For imparting
a rich

Golden colour
to Butter.

DIRECTIONS—Use a teaspoonful to every six gallons of cream. After one or two trials, more or less may be used, according to the colour required, as experience suggests.

IMPORTANT. Put the colour into the middle of the cream and stir it with a large spoon before putting it into the churn. Keep the bottle well corked, in a cool dark place. If it should go thick in the winter, warm and shake the bottle before pouring out.
