PARKER'S
C E L E B R A T E D
DANISH
BUTTER COLOURING,
FOR
Colouring Butter,
IS BY FAR THE
BEST and MOST ECONOMICAL PREPARATION.

~~~~~  
Being a Vegetable Extract, it will be found to impart a beautiful natural Straw Colour, free from taste, and as pure as the herbage on which the animal feeds. It adheres to the Butter only and does not colour the Buttermilk, consequently a less quantity is required.

It is far superior to Annatto, and more economical in use, and is strongly recommended in preference to all other Butter Colours.

Sold in Bottles, 6d. size for 5d.; 1/- size for 10d.;
