My dear Jennie

I was very glad to get your letter of 1<sup>st</sup> July I have been waiting patiently for a letter for some days now I am very sorry to see you are going through a trying time, I am in the same position in a way at present. Your problems seem to be harder to solve, they have given me a lot of thought. I do want to help all I can over our own troubles & problems are never so great that we can't find time to lighten the load for our fellow beings at least that's how I look at it. You know we can't do anything for ourselves if we think we are pursued a delusion. Divine Mind powers all if we can't seek help from the friend of all things we can't expect to get our problems solved, we are just left in a perfect muddle. No help we can expect to get this help we have got to show ourselves worthy of ~~not~~ receiving & we don't give (in other words if we don't think carefully, & ~~we~~ do our best in all things giving thanks for what we have & showing love in all we do, & think) we can't expect to receive, can we? Are you doing this Jennie I am afraid not, you are like what I was, & what a great many more are thinking we can go our own way, & that we can somehow or another get out of our troubles without asking help. You may say how can I think kindly about other people or things in the environment I am in etc, well you can if you wish this of yourself. Do it & thank God you know & you know it can be done.

R.B. I can understand  
Cecilia's attitude &  
don't blame her. Don't I'd  
help you all to get over  
the troubles & build up  
things will be brought to you all  
yet, don't let down to  
rise above them, fight hard!!

(2.)  
So to your room, & ask God to help  
you, sincerely, just like a little child  
He's an earnest prayer ~~man~~ is always  
answered. Have faith that you will be  
given help & that through everything  
a way will open up that will show  
you what is best to do & may not  
come at once but keep asking & have  
absolute faith you will be answered.  
"Man's extremity is God's opportunity"  
I have seen so often I can't say worse  
than yours been made right by  
constant prayer, & absolute faith in God  
seeing things made right.  
This very unfortunate you have not  
heard for the W. Indies I can't understand  
it. You'd know it might be the best  
thing for you to go to the W. Indies  
again, I can see where it wd be  
a good thing & in this where it wd not be.  
I think you wd be happy there, & that is  
something. Then the children  
do you think they could not find  
suitable employment out there.  
They might do in one of the W. Indian  
Islands, & though they get forbidden in  
the States or Canada, it is not far  
to U.S.A or Canada for the W. I. I'd say  
they in Trinidad or there more help  
than there in St. Vincent & the children wd  
have a better chance of getting out  
in Trinidad. You wd be able to look after  
your properties & get the most out of them  
& also you cd have better in any way  
for your children or better chance.  
If your children did not like to remain  
in the W. Indies they cd go to the States  
or Canada there are always opportunities  
opening there, but they might fall into  
quite good positions in the W. Indies

P.S. - How had no time to  
write I need not bother  
further. I am going to  
look to myself. I am glad  
I am paid for my work in  
this job. I am getting worked to  
hard. I wish that I could see the case  
less young & less healthy. I must  
be watched carefully.

(3)

Thank you as much as I can for the letter as there  
was so I had think.

I wish I could have talk with you  
& been whiskey or chicken game today  
I was not think of coming out to see  
you & chicken when your husband  
is there to advise it would not be the  
proper thing it would only create trouble  
But I was very much like to have  
a good talk with you & chicken  
& been all times

The case in Canada I can see will not  
do for you & as you say the work  
perhaps will be too much. The West Indies  
my mind is the place taking anything  
into consideration at least for a short  
I will surely be leaving the middle  
of this month or any day after that;  
you see I will know, I think exactly when  
in the 17<sup>th</sup> I might have to go off about a  
moment or no. Miss Smith has rooms  
empty off an or at present I think she  
is pretty full up but you were thinking  
of coming in a way that time say this case  
I could take in to me definitely by will  
a some suitable place hence we  
could see get, but don't think of coming  
if you can't afford it.

I must have to close now for as it is  
past 12 midnight I have been writing  
for 4 solid hours. I will write you  
later next. Now remember what I told  
you in the beginning of my letter, see what  
comes out of it. Everything will work out  
right if we just have faith & patience.  
Do you wish & don't feel embittered about  
anything or anyone regarding her you are  
provoked. Love and kind thoughts for  
you & yours  
Yours affectionately  
Donald.
