## THE NUTRI CENTRE

---

The Nutri Centre is located on the lower ground floor of the Hale Clinic in 7 Park Crescent, London W1N 3HE. The prestigious (Nash Terrace) crescent is only a few minutes away from underground stations at Great Portland Street, Regents Park and Baker Street.

---

*Are you faced with a dilemma when you have been prescribed or recommended a course of nutritional régime by your practitioner?*

*A client often doesn't even know where to begin to find a company which provides all the products he or she needs. It may mean placing orders with a number of different manufacturers whose despatch times may vary. Consequently the institution of the régime is delayed or becomes staggered. Since delay can cause further upset to someone already in distress and staggering can mean that it takes longer for the full benefit of the treatment to be effected and felt (nutrients interact with each other and the régime will have been designed with this in mind) the client may lose heart and motivation.*

*In an effort to circumvent some of these problems some practitioners have arrangements with certain manufacturer's or else stock the remedies themselves. But time spent in administering the purchase and sale of remedies simply increases the stress load on practitioners and their practices.*

The aim of the recently opened NUTRI CENTRE at the Hale Clinic in London is to lift all of these burdens from practitioners and clients. Essentially it stocks or has access to the most extensive range of nutritional supplements — from those you would find in a health food shop, to practitioner products, to exclusive lines, even to the occasional batch made up for specific requirements.

Now clients can visit or contact the Nutri Centre knowing that it can almost certainly provide all the products that have been recommended. And if, with this relative ease of availability a client begins to feel better sooner, the incentive to keep going with the régime becomes stronger and healing is achieved at a much faster rate.

The Nutri Centre operates a prompt and reliable mail order service. This service can also be extended to ordering "repeats" enabling them to maintain continuity of the Dietary Supplementation Therapy. The intention, therefore, is that clients from anywhere in the country should be able to order their supplies from just one phone call to the centre.

---

*"The Nutrition Centre's influence on the industry as a whole will be considerable, and indeed, it is already leading the way in a number of areas..."*

Jan de Vries (June 1991)
