Having established our luxury, tofu based ices in the market place, we are looking to extend our range into other areas of healthy eating.

We are investigating:

Frozen ready meals

Alternative (not ice cream) frozen desserts

Baked goods and

Confectionary

Each range would be **vegetarian, organic** where possible and, like our ices, made only from the **finest natural ingredients** and according to **original wholefood recipes**.

Each range would also include products which were **dairy, gluten, egg and sugar free**.

The ranges would be available to both the retail and catering markets.
