Did you know **Pret** only uses organic milk? It is **natural**, **chemical free** and tastes good. David Stacey, our organic farmer, has worked tirelessly with us to make this happen.

The pastures on which his herds graze are **free** from pesticides and other chemicals. He prefers to use **homeopathy** to treat his cows if they're poorly and never touches yield-enhancing drugs. Our **cappuccinos** are preservative free, like all good food should be.
