DR. BRONSON'S
COMPOUND
PEPSIN TROCHES,

Are unrivalled as a Tonic Medicine for **Weak Stomachs and Enfeebled Digestion.** Compounded of Roots, Herbs, Gums and Pepsin. They contain no Drugs or Narcotics—a perfect Stomach Corrective. These TROCHES give instant relief from **Heartburn, Sour Stomach, Water Brash, Nausea, Wind in the Stomach, Distress or Fullness after Eating, Indigestion, Palpitation, and all Dyspeptic Symptoms.** They are a corrective for **Offensive Breath and cure Hoarseness.**

We would call attention to a few of many testimonials to the virtues of our TROCHES.

From Stephen A. Barker, Esq., the well known Manufacturer of Jewelry

For twenty-five years I have been obliged to endure the misery of a deranged or dyspeptic stomach: have resorted to various remedies brought to my notice, and also best medical advice. I seemed to get no benefit, and had settled down to endure the suffering when my attention was called to Dr. Bronson's Pepsin Troches. I have tried the INSTANT CURE for Neuralgia and with such success that I was led to try the TROCHES, and in that simple form I found the "Panacea." I had used but half a dozen Troches when I experienced immediate relief, followed by exemption from those disturbances of the stomach that had so often made my days hours of suffering. I am glad to recommend so simple, agreeable, and yet effective remedy for stomach troubles.

STEPHEN A. BARKER, 9 America St., Providence, R. I.

I wish to express my satisfaction with Dr. Bronson's Compound Pepsin Troches. I am 90 years old, and with an enfeebled digestion I have suffered with stomach troubles. I find in these Troches a remedy not only handy and agreeable, but very efficacious. I use them as a corrective when needed, and they never fail to relieve me. They accomplish all that is claimed for them, and I sincerely recommend them to all who need a remedy for stomach troubles.

Mrs. HOPE MANCHESTER, 112 Washington St., Providence.

From a talented lady connected with the Western press.

"Please send me by mail another package of 'Pepsin Troches.' What I have feared was heart disease is probably an affection of the stomach. The troches gave immediate relief. This is the first advertised medicine I ever patronized, but I am neither ashamed nor afraid to recommend it."

LIZZIE ADAMS, Kansas City, Mo.
