A REAL BLESSING.

Ayer's Compound Extract of Sarsaparilla is a skilfully prepared combination of the best vegetable alteratives and blood purifiers.

It is composed of the Sarsaparilla root of the tropics, well-known as an alterative of great value, combined with Stillingia, Yellow-Dock and Mandrake, all celebrated for curative qualities. These, chemically united with the Iodides of Potassium and Iron, form a medicine of unsurpassed power, the most efficient of all remedies for scrofulous, mercurial and blood disorders.

By our processes the medicinal principles of the several ingredients are extracted in a manner which draws out and renders available their entire virtues, producing a highly concentrated extract, in which the various medicinal qualities are combined in that nice proportion necessary to give each its full healing and curative influence. Uniformly successful and certain in its remedial effects, **Ayer's Sarsaparilla** produces rapid and complete cures of Scrofula, Erysipelas, Salt Rheum, Tetter, Scald Head, Ring Worm, Sores, Boils, Humors, Pimples, Ulcers, Tumors, Eruptions, and all scrofulous diseases and conditions. For all diseases arising from the impurity or deficient vitality of the blood, or from mercurial poison, it is a powerful, safe and certain remedy. By its invigorating and purifying effects it always relieves and often cures Liver Complaints, Female Weaknesses and Irregularities, Rheumatism, Neuralgia, Jaundice, Dyspepsia, Emaciation and General Debility. It stimulates and enlivens the vital functions, promotes energy and strength, and infuses new life and vigor throughout the whole system. In renovating the blood it clears and quickens the intellect, and thus gives to both mind and body the power of long-sustained, arduous and successful effort. For the cure of the disorders, lassitude and debility peculiar to the Spring, it has proved to be the best remedy ever devised, neutralizing the poisons in the blood, and restoring the vigor of health.

When you are sick, the best medicine that can be obtained is none too good, and is the cheapest, whatever it costs.

Ayer's Sarsaparilla is a medicine of such concentrated curative power that it is by far the most economical and reliable medicine that can be used, while it is entirely safe for patients of all ages. Physicians know its composition and prescribe it in their practice. It has been widely used for forty years, and has won the unqualified confidence of multitudes who pronounce it in the household **A Real Blessing**.
