N.B.—SEE OPINIONS OF THE PRESS :

"While taking our usual stroll to chronicle the doings and sights of our Fair, we were forcibly impressed with the fact some of the Exhibitors were of a superior order this just one being what we saw a small Child not 5 years old lifting 112 pounds in weight by the hair of her head; also her Brother, one of the greatest novelties ever seen. But there was so much to be seen in this Exhibition we came out before it was half over, being quite satisfied with these Two Children for our money."
