'SHARING THE CHALLENGE'

AIDS is a condition which is affecting progressively more and more people in Britain and worldwide every day.

AIDS is caused by a virus, **HIV**, which is spread mainly during sex and by sharing syringes.

Unlike many people, **HIV** doesn't discriminate according to age, colour or sexuality.

This **World AIDS Day** become more aware, talk to other people, together we can share the challenge.

DECEMBER 1st IS WORLD AIDS DAY
