When Martin was told he had AIDS,

his family couldn't believe it.

After all, he is 64.

Not surprisingly they came to us. Still numb. Still protesting that they thought AIDS was only a 'young person's' illness.

That's why London Lighthouse provides information, care and support for anyone affected by HIV and AIDS.

We're now helping them accept Martin's illness and carry on with their lives.

Old or young. Him or her. White or black. Straight or gay. AIDS doesn't care. We do. We need you to as well.
