"I Didn't Know I Had AIDS... Not Until My Baby Was Born With It."

WHEP Inc. AIDS

Last year my man died. Now they tell me it was AIDS. At the time I didn't know anything about AIDS. Then I had my baby and I found out about it the hard way. My baby has it, I have it and all because my man was shooting up drugs and sharing needles. Had I known better, I would have made him use condoms, and if that didn't work I'd have stopped being with him. But now...

Please don't let this happen to you. You find out about AIDS.
