Talk About AIDS

How About Dinner, A Movie, And A Talk About AIDS?

Marie: That's not exactly my idea of a great date.

Why?

Marie: Because it's kind of depressing.

When you think about AIDS and being single, what's the first thing that comes to mind?

Marie: Be careful!

AIDS scares you?

Marie: Sure. But, it's something I have to think about.

When you say you think about it, what do you mean?

Marie: I ask myself questions I never thought about before.

Do you ask guys?

Marie: I'm starting to.

How is that working out?

Marie: Actually, not so bad.
