# When They Get **AIDS,** We'll Get a Cure.

Who the hell cares about 150,000 peasants?! None of my people would ever get a faggot disease. What's important is keeping my lying, thieving sons out of jail. After this gig, I'm going home to strap on my RWP and feel like a real family man. Boy, it's so easy to hoodwink the dumbshits.

**Let Them  
Eat  
Crap!**

My wife and I are members of the **Rich White Penis Club**—and you're not! None of our fellow elitists from Yale, who just doubled their money in the last 10 years at your expense, would be caught dead from AIDS. Hell, we targeted the queers because they were the richest minority population. Killing off niggers, spics, druggies, hemophiliacs, and teenagers enjoying sex was simply an incidental benefit of the biological agent I helped develop at the CIA. We're laughing all the way to the bank—the one that didn't fail!
