10 YEARS ON
KEEP IT UP!

10 YEARS ON from the first diagnosed case of AIDS in New Zealand. 10 YEARS ON of the "big disease with a little name". 10 YEARS ON and a proud gay community moving ahead. 10 YEARS ON and we've challenged AIDS with true heroes. Safe Sex. Support. Strength. **Keep it up!**

10 YEARS ON. Now. Summer of '93/'94. Aid in New Zealand over 85% of everyone diagnosed with AIDS is gay or bisexual*. It's still men who have unsafe sex with other men that are most at risk. 10 YEARS ON and still 2 New Zealanders are notified HIV+ each week - nearly all gay or bisexual men, like ourselves. 10 YEARS ON and unsafe sex is still unsafe sex. This summer keep it on... **Keep it up!**

10 YEARS ON. Where will the next 10 years take us? Our commitment to safe sex is our commitment towards the future. Where will you be at in 2003? **Keep it up!**

"gay community action on AIDS"
*as at 31 September 1993
