# When you say yes...

## say yes to safe sex.

Making the first move might be scary, but more guys than you think have sex with other guys. It's natural, and if you're safe you'll have a great time.

And what's safe? Kissing, cuddling, licking, stroking, wanking, oral sex (avoid cum in the mouth), vaginal and anal sex with condoms and water-based lube.\*

For more information on safe sex and discussion groups for young gay and bisexual men, call Mark at the Victorian AIDS Council ☎ 417 1759
