# Dr. Fenner's Capitol Bitters

Is the most agreeable and powerful invigorant to the system ever heretofore known.

Increases the appetite, warms up the stomach, promotes digestion. Relieves dullness and flatulency. Tones up and regulates the whole digestive tract, including stomach and bowels. Supports all the vital functions. Increases the strength and vigor of the system.

WESLEYVILLE, PA., July 25, 1872.

Dr. M. M. FENNER, FREDONIA,—*Dear Sir*—I have been using your Capitol Bitters, and I desire to say that I have never found a remedy heretofore that possessed such strengthening and invigorating qualities. It produces appetite and health; thus guarding the system against the prevalent diseases of the season, at the same time that it is pleasant, warming and agreeable to take.

No laboring man or woman should risk themselves against the numerous causes of disease all the time operating upon them, without guarding themselves by an occasional use of a bottle or so of this wonderfully efficient remedy. I would go to New York City for Capitol Bitters rather than be without it when needed.

Yours truly,

E. GOTHEM.

When all medicines disagree with a delicate stomach, this mild but efficient Bitter will set kindly. It so invigorates the system as to ward off disease, guarding against **Ague, Fevers and Bowel Disorders** in the summer, **Colds and Inflammations** in the winter, and all **Epidemic Diseases** at all seasons of the year.
