FREDONIA, N. Y., April 21, 1830.

DR. M. M. FENNER:

DEAR SIR,—I had been afflicted with headaches from a child. Your *Golden Relief* almost instantly stops them, and from its continued use they have nearly ceased to come on.

Yours truly, HATTIE WILLARD.

SOUTH STOCKTON, N. Y., Feb. 1, 1876.

DR. M. M. FENNER:

DEAR SIR,—In the spring of 1874 my wife had a severe attack of Neuralgia in her shoulders. She suffered terribly, being unable to sleep or lay down in bed. After trying many remedies to no purpose, she was finally, completely and permanently cured by three applications of your *Golden Relief*. I have since used it for various "aches and pains," and find it the best remedy I ever used. For Headaches I consider it a Specific.

Gratefully yours, J. A. DRAKE.

### "GIVEN UP TO DIE—CURED."

Mrs. O. A. Dunlap, Cleveland, O., Sept. 30, 1872, certifies her little Willie, aged 20 months, was cured of "Cholera Infantum" by the Golden Relief, after having had it all summer and given up to die. He was out of danger in three hours. She says: "We put three spoonful into one-half glass of sweetened water and gave him one tea-spoonful of that mixture every few minutes till improvement began, then once in two hours, and finally only three times a day. We applied it full strength to his bloated and tender abdomen outside."
