„Von

# HEROIN

kriegt man noch kein AIDS.“

SAFER SEX.  
• mit Kondom  
• mit eigenem  
Besteck  
SAFER USE

Daß einer Heroin nimmt,  
heißt nicht, daß ihm alles egal ist.  
Die Droge hat ihr Risiko. Aber durch  
cleanen Umgang mit Spritzen,  
durch Rauchen oder Sniffen  
kann eine HIV-Infektion  
ausgeschlossen werden.  
Von Heroin allein  
kriegt man kein AIDS.
