Prevent AIDS...

Do not have sex until you are married, and stay faithful to your partner.

A man with many wives should have sex with only his wives. All in the group should stay faithful.

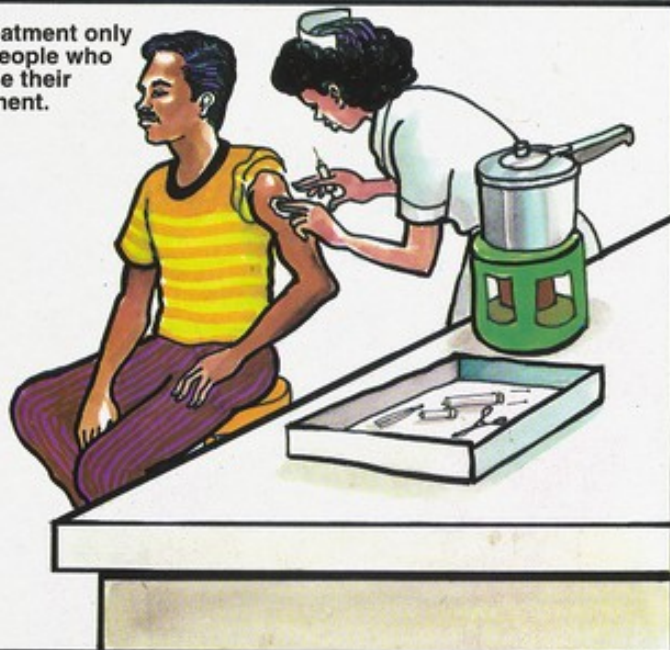

Treat sexually transmitted diseases early.

STD CLINIC

HAZARD

Get treatment only from people who sterilise their equipment.

And use condoms during sex.

PREVENT AIDS. Women with HIV should avoid having children. You should avoid the need for blood transfusions especially by treating malaria and hookworm. Do not share sharp instruments such as razor blades and toothbrushes. Cover cuts and wounds with waterproof plasters or use clean pieces of cloth.
