*The Gentlemen, Farmers, Fockies, Stage-Coachmen
and Carriers Universal Medicine in the true Cordial
Horse Balls and Preparation of Antimony, adapted
for the Use and Benefit of all, as well the Race as
Cart Horse,*

THE CORDIAL BALLS at 4 s. per Pound,

which in above 40 Years private Experience and 18 Years Publication, are approved of and recommended by several Noblemen, Gentlemen and Farmers as a Specifick Remedy for Sicknes, Loss of Appetite, Colds, Gripes, Worms and Botts; they soon Cure a new Cold, and give immediate Relief in an old Cold, by opening the Passages in the Lungs, and have cured many Horses thought to be broken Winded, and four Ounces is better than any Cardial Drink that can be made or given.

The Preparation of Antimony at 5 s. per Pound for Grease, Stiffness in the Limbs after hard Riding, and by purifying the Blood disperses all Knots, Swellings, or Itching; and is, if used according to the Directions, a preservative against the Farcin, Mange and Founder, and has cured many Horses of the Farcin after other Medicines have proved ineffectual, and the Horse worked all the while. It is an effectual Cure (with some of the Cordial Balls) for a dry husky Cough, tho' never so long standing; it answers all the ends of Purging, with many other peculiar Virtues better experienced than expressed, and set forth more at large in the Advertisement and Directions of both Medicines given with them.

They are prepared and sold by **SAMUEL GIBSON**, Duggist, at the Angel and Crown in *Lombardstreet*, AND NO WHERE ELSE, who also sells *Pymont Water*, *Spaw Water*, and all sorts of Drugs.

N. B. Whereas a certain Person at *Exeter* pretends to sell my Preparation of Antimony, and give with it a written Advertisement and a printed Direction, this is to inform all Gentlemen and others, that they may not be imposed on by his common Antimony for my Preparation.
