NAM Manual update

Yasmin Bokhari
The Wellcome Trust
183 Euston Road
London
NW1 2BE

23 April 2009

Dear Yasmin

Drum roll please...

Allow us to introduce you...to our brand new resource **The Basics**.

This series of leaflets comes as part of your NAM Manual subscription and outlines key health issues using diagrams and straightforward language to aid understanding between patient and professional.

These ten HIV Basics titles are hugely adaptable and can be used with groups such as the recently diagnosed, those with English as their second language and patients with lower literacy levels.

If you would like more of these leaflets then visit our website www.aidsmap.com where you can download and print them off, in English or French, completely free of charge.

Don't get left behind!

With your NAM Manual subscription you are always the first to receive all of our brand new and updated resources, such as The Basics.

We are pleased to now have the facility to set up direct debits which is something you might want to think about when you next need to renew your subscription. **It will save you a credit-crunching £21** and allows you to spread the cost throughout the year, totalling just £46.75 per quarter. If you're interested give us a call on 0207 840 0051.

Thank you

The money we generate from subscriptions goes straight back into our work of informing and supporting people living with HIV, helping them enjoy long, healthy and happy lives. So, not only do you receive our award winning resources at fantastic value for money...you get a warm fuzzy feeling too.

What's next?

Next up in your NAM Manual subscription is the new, fully updated HIV Services Worldwide book containing contact details for key HIV/AIDS organisations across the globe, out in May.

Best wishes

A handwritten signature in black ink, appearing to read 'Beth'.
