the basics seven ways to look after your health

There's a lot you
can do to take care
of your health.
It's not just about
popping pills.

1 Eat a balanced diet.

2 Get some exercise.

3 If you are a smoker,
give up smoking.

Important points

- Just as for anybody else, changes to your lifestyle can be good for your general health.
- Regular blood tests will tell you if you need HIV treatment.

Notes

Want to find out more?

For more information on this topic:

- read NAM's booklet 'Nutrition'
- read NAM's fact sheets 'Starting and sticking to an exercise programme', 'Smoking', 'Sleep' and 'Visiting your HIV clinic for check-ups'
- read Terrence Higgins Trust's booklet 'Your Body', or
- speak to an adviser at THT Direct (phone: 0845 12 21 200).

For more information about HIV, NAM provides free fact sheets, information booklets, e-mail bulletins, a monthly newsletter, a comprehensive website (aidsmap.com) and a website specifically for people living with HIV (namlife.org).
