EGGS
FOR
THE
WOUNDED
IN
FRANCE

Will You Help the British Wounded in France ?

IN France there are thousands upon thousands of British Soldiers and Sailors who are bearing grievous wounds and mutilations—nay, more, have almost sacrificed their lives—on your behalf. They have suffered—are suffering—and will continue to suffer until Victory is won on your behalf. They have right cheerfully faced the fiery ordeal of shot and shell, and liquid fire and gas in order that you and yours may be protected from the terrible evils wreaked upon the peoples of Belgium and Northern France.

Would you like to show your gratitude to those who are suffering from their self-sacrifice on your behalf ?

Then send them EGGS from the beloved Motherland—Eggs that will nourish them back to the highest possible standard of health and strength—Eggs that may even save the lives of those most dangerously close to the battlefield's ever-open door of Death.

If you cannot send Eggs—send Cash in aid of the work of the National Egg Collection Committee (Patron: Her Majesty Queen Alexandra), which has already supplied over 30,000,000 Eggs to the Wounded under the direction of the War Office.

Owing to Germany's devilish
practice of sinking Hospital Ships,
British Wounded are now retained in France.
This means a greatly increased demand for Eggs.
Will you help? See overleaf.

My Help for the British Wounded in France.

To the Hon. Sec.,

The National Egg Collection Committee,

(Patron: Her Majesty Queen Alexandra),
